

A wide-angle photograph of a university campus. In the foreground, a wide, light-colored concrete walkway leads towards a large, green lawn. Two people are walking away from the camera on the path, and two others are walking towards the camera further ahead. The lawn is flanked by several young trees planted in circular beds. In the background, there are several large, multi-story brick buildings with red roofs, typical of a university campus. The sky is blue with some light clouds. The overall scene is bright and sunny, with long shadows cast across the lawn and path.

OFFICE OF THE PRESIDENT

FAX: (803) 533-3622

Dear Alumni, Advocates, and Friends of South Carolina State University:

South Carolina State University is poised for renewal and restoration. During the 2014 - 2015 academic year, the University began the process of restoring the public's confidence through transparency and heightened communications. During this time, key positions were also filled. The New Board of Trustees was appointed by SC General Assembly, I was named Interim President by the Board, and Mr. Edward Patrick hired as Vice President for Finance and Management.

Major changes began to take place at the University during spring 2015. New financial controls were implemented; a moratorium was placed on spending; vendor debts were reviewed and payments were made; and a workforce reduction was implemented. The University was given recognition externally for some of its work and accomplishments. Specifically, we ranked in the Top 200 of colleges and universities in the nation by U.S. News and World Report; #1 in social mobility, research, and service by Washington Monthly Magazine; and among the Top 5 "Best Value" Institutions in South Carolina by Smart Asset.

In spite of the challenges that we continue to address, we have remained focused on our mission to ensure that our students receive a quality education. The academic integrity of SC State University has not been compromised. We continue to educate and graduate students who are scholars that move on to enroll in graduate and professional schools, and others embark upon meaningful and exciting careers.

As we forge ahead, we will continue to focus on our priorities which are to remove the SACSCOC probationary status; grow enrollment; repay loan and vendor debt; address deferred maintenance; balance the budget; and increase visibility. I hope that you will find this report helpful in providing insight on how far we have come and how we continue to make strides towards the new SC State.

Sincerely,

W. Franklin Evans, Ph.D.
Interim President

LETTER OF TRANSMITTAL

**To the President and
Members of the Board of Trustees:**

Management is pleased to present to you the Comprehensive Annual Financial Report of South Carolina State University for the fiscal year ended June 30, 2015.

Management asserts that this financial report is complete and reliable in all material respects, and accepts full responsibility for the completeness and reliability of all the information presented in this report. Generally Accepted Accounting Principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The University's MD&A can be found immediately following the report of the independent auditor.

Profile of the University

South Carolina State University (SC State), a senior comprehensive teaching and 1890 land-grant institution, is committed to providing affordable and accessible quality undergraduate and graduate degree programs. SC State is a public university, with a student population of 3,042 located in Orangeburg, SC. Orangeburg is a small rural/agricultural city in the middle of the state that has evolved to include businesses and industries that are national and international in scope. The university currently offers 48 undergraduate degree programs through three academic colleges and one school and sixteen graduate degree programs and 1 doctoral degree.

SC State's 1890 land-grant legacy of service to citizens of the local community, the state, nation, and global society is ensured through its collaborative efforts with businesses, secondary education, colleges and industries. This symbiotic relationship provides a catalyst that spurs reciprocal economic and social growth for all.

Economic Environment

State appropriations for fiscal year 2016 are projected to be higher based on SC State's base state appropriations being increased for a 2% increase state mandated cost of living increase, increase in health insurance allocation, anticipated funds for deferred and required maintenance, and additional of state funding to address aged vendor payables.

In regards to tuition revenue, SC State's resident mandatory tuition and fees is in the lower range compared to other in-state peer institutions. The Board of Trustees continues to express concerns over the burden tuition and fee increases are having on families. In response to the new enrollment management initiative, tuition and fees were held constant for fiscal year 2016 and a zero-budget was implemented in order to balance the budget and maintain program quality. In Spring 2016, the Education and General College tuition will be increased by \$808 and the Athletic Operations Fee will be decreased by \$808. The total cost to the student will remain unchanged.

In addition, SC State entered into contract renegotiations with its major vendors which will reduce contracted services costs by approximately \$5 million in fiscal year 2016.

SC State is situated in a rural county. As a result, the operations of the institution have a substantial economic impact on the surrounding communities. To document this fact, the results of an economic impact study of SC State revealed the following:

"There are many facets to the economic impact of an institution of higher education, including both the short-term impacts on the local economy via local spending by the University and its faculty, staff, students and visitors, and the longer-term impact on the economy based on higher education levels, increased productivity and improvements in the quality of life in the area. The purpose of this economic impact research has been to quantify the first set of impacts (e.g. those impacts on economic activity that can accurately be estimated using the standard tools of economic impact analysis)."

Consequently, the research focused on the economic impact of the following specific activities associated with SC State:

1. The regular, ongoing operations of the university itself – including the cost of faculty, staff, and other non-labor expenditures.
2. University construction projects from recent years, as well as planned projects for the future.
3. SC State University student expenditures in the local economy, excluding payments made directly to the university.
4. Visitor spending at SC State University Homecoming football games.

The elements of this economic impact are summarized below. These elements will change in the future with respect to the University's plans to expand academic programs, increase enrollment, and replace and renew its facilities and physical plant.

SC State's economic impact for fiscal year 2013 is projected to contribute in excess of \$187 million into the state and local economy, an impact on household income in excess of \$99 million, and support over 2,189 jobs in the Orangeburg area.

FINANCIAL INFORMATION

Internal Controls

Management maintains extensive budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Legislature. Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. An internal control structure has been implemented to accomplish two primary objectives: (1) ensure that the University's assets are protected from loss, theft, or misuse, and (2) ensure that adequate accounting data is compiled to allow for the preparation of financial statements in accordance with legal requirements and Generally Accepted Accounting Principles (GAAP).

The concept of reasonable assurance recognizes that, the cost of a control should not exceed the benefits likely to be derived, and the valuation of costs and benefits require estimates and judgments by management. Because the cost of internal controls should not outweigh their benefits, the University's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement.

Budgetary Controls

SC State prepares, on an annual basis, a budget that provides reasonable estimates of revenues and expenditures. The budgetary process encompasses all operating budgets of the university to include educational and general activities (both General Fund and Earmarked), athletic operations, and the operations of auxiliary enterprises. The budget preparation is based on programmatic planning by the university through department heads, academic offices, the University's Planning and Budgeting Review Committee, the president's cabinet, and the President. The budget is then presented to the Board of Trustees for approval. Budget versus actual reports are prepared quarterly for review and presentation to the President, the Board of Trustees' Finance Committee, and the full Board of Trustees.

Debt Management

SC State follows a debt management strategy to ensure the university stays within the framework of an acceptable level of debt. Management monitors the debt service level and the associated interest rates to remain apprised of the effects of long-term debt on the University's credit rating, and to identify opportunities to reduce the annual debt service payout. This strategy acknowledges that, although all University revenues are generally available to meet any need, debt issued for one operational segment should be repaid from the resources generated by that segment.

Cash Management

State law requires that substantially all of the University's receipts and disbursements be made using bank accounts in the name of the South Carolina State Treasurer. The State Treasurer performs almost all cash management activities for the University's cash balances on deposit with in-state bank accounts. As a participant in the state's cash management pool, the University receives investment income allocations for certain qualifying cash balances.

Risk Management

SC State participates in the state of South Carolina's state-wide risk management program. The state's program assumes substantially all risks for unemployment and workers' compensation benefits and claims of covered employees for health, dental, and group-life insurance benefits.

SC State pays premiums to the state's insurance reserve fund to cover the risk of loss related to buildings (including contents) and property, general tort liability, medical professional liability, blanket accident trip coverage, automobile liability, and automobile physical damage.

Relevant Financial Policies

In addition to being guided by its own strategic plan, SC State is a part of the state government in South Carolina, and as such, follows state law and policies regarding procurement, construction, human resource practices, contract and grant funding, and other operating practices. A budget, which is built on a robust internal budget process, is submitted annually to the Governor's Office.

SC State uses a decentralized methodology for budgeting. The process is managed by the Division of Finance & Management Office and begins by soliciting from all department heads, deans, and vice presidents any unfunded requirements (UFRs) that cannot be paid by their existing budget (both personnel services and operational requirements). The Division of Finance & Management reviews all inputs and prioritizes them based on the needs of the university. The Division of Finance & Management also factors in the strategic budgeting priorities with the UFRs to determine multiple budgeting options, based on varying availability of resources, to present to the President, and in turn, to the Board of Trustees for approval.

OTHER INFORMATION

Independent Audit

State law, federal guidelines, and certain bond covenants require that the University's accounting and financial records be audited each year. Under the terms of this contract, BDO will perform an audit of the University's financial statements and the University's federal financial assistance programs through fiscal year 2016.

The goal of the independent audit was to provide reasonable assurance that the financial statements of the University for the fiscal year ended June 30, 2015, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used, and significant estimates made by management; and evaluating the overall financial statement presentation.

In addition to an independent audit, SC State is audited on a periodic basis by the SC Department of Administration to ensure compliance with provisions of the South Carolina Procurement Code.

Acknowledgments

Management thanks the President of the University and members of the Board of Trustees for their continued support and dedication to excellence and integrity in fiscal affairs of the South Carolina State University. We would also like to extend our appreciation to all of our colleagues across campus whose dedication and hard work resulted in a successful closure of the fiscal year.

Sincerely,

Edward H Patrick

Vice President for Finance & Management

Teare Brewington
Controller

Independent Auditor's Report

Members of the Board of Trustees
South Carolina State University

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of South Carolina State University (the "University"), a non-major discretely presented component unit of the State of South Carolina, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the South Carolina State University Foundation, Inc. (the "Foundation") and South Carolina State University Advancement Foundation (the "Advancement Foundation") which represent 100 percent, 100 percent, and 100 percent, respectively, of the assets, net assets, and revenues of the University's aggregated discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation and Advancement Foundation, are based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, based on our audit and report of other auditors, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the business-type activities and aggregate discretely presented component units of the University as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in note 12 to the basic financial statements, the University adopted, in fiscal year 2015, Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions, an amendment of GASB Statement No. 27*, which resulted in a restatement of beginning net position. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 10 through 17 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the University's basic financial statements. The Introductory Section and Statistical Section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Introductory Section and Statistical Section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Governmental Auditing Standards*, we have also issued our report dated February 5, 2016 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

BDO USA, LLP

February 5, 2016

South Carolina State University

Management's Discussion and Analysis (unaudited)

Introduction

We are pleased to submit the annual financial statements for South Carolina State University ("SCSU" or the "University") for the fiscal year ended June 30, 2015. The following discussion and analysis have been prepared by the management of SCSU to provide an overview of the financial activities of the University for the fiscal year ended June 30, 2015. Please read this section in conjunction with the accompanying financial statements and the notes to the financial statements. The financial presentation for the University has been prepared to meet the requirements of Governmental Accounting Standards Board ("GASB") Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* ("GASB Statement 34"), and GASB Statement No. 35, *Basic Financial Statement's and Management's Discussion and Analysis for Public Colleges and Universities*. The University has incorporated two non-governmental component units, South Carolina State University Foundation, Inc. (the "SCSU Foundation") and South Carolina State University Advancement Foundation (the "Advancement Foundation", together with the SCSU Foundation, the "Foundations"). Two of each of the Foundation's statements: (1) statement of financial position and (2) statement of activities are presented separately in the University's report. Management's discussion and analysis addresses the activity of the University and does not include financial activity of the Foundations. Information presented in the financial statements is designed to aid a wide variety of readers in assessing the effectiveness of the University's management in using its resources to meet its primary mission of instruction, research, and public service, as well as to provide a comprehensive picture of the University's financial activities and soundness.

Using this Annual Report

This annual report consists of the following financial statements: statement of net position, statement of revenues, expenses, and changes in net position, and statement of cash flows. These financial statements illustrate the financial condition of the University, the results of the University's operations and the cash flows (sources and uses of funds) of the University as a whole. As a result of the implementation of GASB Statement 34, public colleges and universities of South Carolina elected to report as business-type activities ("BTAs"). These statements, therefore, are intended to provide a view of the University's financial position similar to that presented by most private sector companies. The financial statements are presented using the accrual basis of accounting. The accrual basis of accounting takes into consideration all of the University's revenue and expenses regardless of when cash is received or payments are made. Significant revenues of the University such as state appropriations, gifts, Pell grants, and investment income are considered nonoperating.

Statement of Net Position

The statement of net position presents the assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position of the University as of the end of the fiscal year. This statement is a point-of-time financial statement that provides the reader with a fiscal snapshot of South Carolina State University. The statement of net position consists of assets (current and noncurrent), deferred outflows of resources, liabilities (current and non-current), deferred inflows of resources, and net position (assets minus liabilities). Current assets consist primarily of cash and receivables. The current portion of the assets will be converted to cash within one year to be used to pay the current portion of the liabilities. Current liabilities consist principally of accounts payables and accrued compensation. These liabilities will be settled within one year. Noncurrent assets consist primarily of capital assets, net of accumulated depreciation.

South Carolina State University

Management's Discussion and Analysis (unaudited)

Noncurrent assets will not be converted to cash within one year. Noncurrent liabilities consist primarily of notes and bonds payables, net of the current portion, and accrued compensation, net of the current portion. Noncurrent liabilities will not be settled within one year. Deferred outflows of resources represents the consumption of net position that is applicable to a future reporting period. Deferred inflows of resources represents the acquisition of net position that is applicable to a future reporting period. net position is divided into three major categories. The first category, net investment in capital assets, provides the University's equity in property, plant, and equipment owned by the University. The next category is restricted net position, which is further divided into two categories, nonexpendable and expendable. The corpus of the nonexpendable restricted resources is for investment purposes only and therefore not available for expenditure. The expendable restricted net position is available for expenditure by the University, but is restricted for specific purposes based on defined restrictions by donors and/or external entities. The third category of net assets is unrestricted net position. These assets include balances from operations of education and general ("E&G") activities, auxiliary enterprises, quasi-endowments and unexpended plant funds and may be expended for any lawful purpose of the University.

Certain reclassifications have been made for presentation purposes.

South Carolina State University

Management's Discussion and Analysis (unaudited)

The "Condensed Statement of Net Position" as shown below, presents a comparison of assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position between June 30, 2015 and June 30, 2014:

Condensed Statement of Net Position				
June 30,	2015	2014	Increase (Decrease)	Percent Change
Assets				
Current assets	\$ 14,846,992	\$ 16,424,170	\$ (1,577,178)	-9.60%
Noncurrent assets	11,548,429	7,595,355	3,953,074	52.05%
Capital assets, net	119,788,169	124,615,165	(4,826,996)	-3.87%
Total Assets	\$ 146,183,590	\$ 148,634,690	\$ (2,451,100)	-1.65%
Deferred Outflows of Resources	\$ 4,946,679	\$ -	\$ 4,946,679	100.00%
Liabilities				
Current liabilities	\$ 23,680,040	\$ 29,840,429	\$ (6,160,389)	-20.64%
Noncurrent liabilities	134,092,115	67,414,240	66,677,875	98.91%
Total Liabilities	\$ 157,772,155	\$ 97,254,669	\$ 60,517,486	62.23%
Deferred Inflows of Resources	\$ 4,946,679	\$ -	\$ 4,979,679	100.00%
Net Position				
Net investment in capital assets	\$ 55,986,858	\$ 57,128,853	\$ (1,141,995)	-2.00%
Restricted - Nonexpendable	1,017,846	764,691	253,155	33.11%
Restricted - Expendable	17,848,662	10,575,756	7,272,906	68.77%
Unrestricted	(86,441,931)	(17,089,279)	(69,352,652)	-405.83%
Total Net Position	\$ (11,588,565)	\$ 51,380,021	\$ (62,968,586)	-122.55%

The vast majority of current assets (68%) are composed of cash and cash equivalents, along with student and grant accounts receivables, net of allowance for doubtful accounts. Current liabilities consist primarily of accounts payable and accrual expenses, accrued payroll and related liabilities, unearned revenues, student deposits, accrued interest payable and the current portion of notes and bonds payable.

South Carolina State University

Management's Discussion and Analysis (unaudited)

The 10% decrease in current assets is attributable to a \$1.7 million decrease in cash and cash equivalents as a result of utilizing recovery loan on hand at the June 30, 2014 for vendor payments, and a decrease in prepaid expenses of \$0.6 million as a result of the use of funds held by the State of South Carolina for financial consulting. In addition, current restricted cash increased by \$0.5 million as a result of net reclassifications of cash restricted for debt service from non-current assets to current assets (both unrestricted and restricted). Current liabilities decreased by \$6.2 million (21%) from the prior year. The decrease is a result of various cost reductions implemented campus wide result in lower vendor payables, and the receipt of a \$6 million noncapital loan approved by the Blue Ribbon Committee which was established by the State of South Carolina legislature. In addition, the repayments terms on the noncapital recovery loan from the State of South Carolina Budget Control Board was extended from 12 months to 5 years. The repayment extension of the noncapital loan and the addition of the Blue Ribbon loan resulted in a net increase of \$8.3 million (13%) in noncurrent liabilities after the current year debt payments.

South Carolina State University implemented Government Accounting Standards Board Statement 68, *Accounting and Financial Reporting for Pensions* ("GASB 68") in fiscal year ended June 30, 2015. The implementation of GASB 68 required the University to record beginning net pension liability and the effects on unrestricted net position of contributions made by the University during the measurement period (fiscal year ended June 30, 2014). To the extent practical, in the first period GASB 68 is applied, changes made to comply should be reported as an adjustment to prior periods, and financial statements presented for the periods affected should be restated. If restatement of all prior periods is not practical, the cumulative effect of applying GASB 68, if any, should be reported as a restatement of beginning net position for the earliest period restated. In such circumstances, beginning balances for deferred inflows of resources and deferred outflows of resources related to pensions should not be reported. Since the information for the restatement of beginning balances of deferred inflows of resources or deferred outflows is not available for the earliest period presented, the cumulative effect of GASB 68 implementation will be shown as restatement to beginning net position as of July 1, 2014. As a result, beginning unrestricted net position for the University, as of July 1, 2014, decreased by \$57.4 million. The decrease resulted in the cumulative restatement of unrestricted net position to a deficit of \$6 million as of June 30, 2014. The implementation of GASB 68 also increased deferred outflows of resources and deferred inflows of resources by 100% for amounts related to net pension liability.

Statement of Revenues, Expenses, and Changes in Net Position

The statement of revenues, expenses, and changes in net position are a presentation of the revenues earned and expenses incurred during the fiscal year. Revenues and expenses are reported as either operating or non-operating. The financial reporting model selected by public institutions classifies state appropriations, Pell grants, and gifts as non-operating revenues. Since the University is a public institution and depends upon state aid and gifts, the University's statement will result in an operating deficit, all things being equal. This statement will reflect the utilization of long-lived or capital assets in the form of depreciation expense. Depreciation expense amortizes the cost of a capital asset over its expected useful life.

Generally speaking, operating revenues are earned for providing goods and services to the various customers or students and constituencies of the University. Operating expenses are those expenses incurred to acquire or produce the goods and services provided. Operating revenues and expenses are a result of implementation of the University's mission. Nonoperating revenues are revenues received for which there is not a reciprocal agreement - no goods and services are provided.

South Carolina State University

Management's Discussion and Analysis (unaudited)

Condensed Statement of Revenues, Expenses, and Change in Net Position

Year Ended June 30,	2015	2014	Increase (Decrease)	Percent Change

South Carolina State University

Management's Discussion and Analysis (unaudited)

Operating revenues for student tuition and fees and the auxiliary enterprises have been presented net of scholarship allowances. A scholarship allowance is defined as the difference between the stated charge for goods and services provided by the institution and the amount that is billed to the student and/or third parties making payments on behalf of the student. The University approved a 3% increase in tuition and fees, along with a re-alignment of the allocation of fee revenue between tuition and fees and auxiliary services. The re-allocation of revenue resulted in a 4% decrease in tuition and fees net of scholarship allowance and a 5% increase in sales and services net of allowance. Overall operating revenues decreased by \$2.4 million or 3.6%, compared to \$10.1 million or 13.5% decrease in the prior year, which is reflective of more stable grant activity and resulting revenues. Nonoperating revenues (expenses) increased by approximately \$3 million or 12% as a result of increased state appropriations and increased donations from student scholarships.

Overall operating expenses decreased by \$4.4 million or 4.4%, resulting from decreases of \$3 million in salaries & benefits and service and supplies expenditures, 5.8% and 11.4% respectively, resulting from staff reductions and cost controls implemented campus wide. Scholarships increased by \$2.3 million as a result of increased scholarship donations along with new initiatives implemented in enrollment management.

The University's change in net position was (\$5.5) million compared to (\$10.3) million in fiscal year 2014, which is a improvement of \$4.8 million or 46%. This is the net result of the decreases in operating revenues, decreases in operating expenditures and increase in net nonoperating revenues as described above.

Statement of Cash Flows

The final statement presented is the statement of cash flows. The statement of cash flows presents detailed information about the cash activity of the institution during the year. The statement is divided into five sections. The first section details operating cash flows and presents the net cash used by the operating activities of the University. The second section details cash flows from noncapital financing activities. This section reflects the cash received and spent for nonoperating, noninvesting, and noncapital financing purposes. The third section details cash flows from capital and related financing activities. This section reflects cash used for the acquisition and construction of capital and related items. The fourth section reflects the cash flows from investing activities and presents purchases, proceeds, and interest received from investing activities. The fifth section reconciles the net operating loss on the statement of revenues, expenses, and changes in net position to the cash used by operating activities. This section is detailed in the financial statements of the University and is not included in this analysis. A synopsis of the statement of cash flows follows.

South Carolina State University

Management's Discussion and Analysis (unaudited)

Condensed Statement of Cash Flows

<i>Year Ended June 30,</i>	2015	2014	Increase (Decrease)	Percent Change
Cash used by operating activities	\$ (28,429,999)	\$ (21,819,684)	\$ (6,610,315)	-30.30%
Cash provided by noncapital financing activities	38,072,290	35,085,301	2,986,989	8.51%
Cash used by capital debt and related financing activities	(6,916,141)	(7,927,680)	1,011,539	-12.76%
Cash provided by investing activities	215,962	216,284	(322)	-0.15%
Net Change in Cash and Cash Equivalents	\$ 2,942,112	\$ 5,554,221	\$ (2,612,109)	-47.03%
Cash and Cash Equivalents, beginning of year	15,495,850	9,941,629	5,554,221	55.87%
Cash and Cash Equivalents, end of year	\$ 18,437,962	\$ 15,495,850	\$ 2,942,112	18.99%

Cash and cash equivalents increased by \$2.9 million or 19% from the prior year. This is due in large part to the receipt of restricted cash for the 1890 Research program.

Capital Asset and Debt Administration

The University's statement of net position reflects total capital assets, net of accumulated depreciation, as of June 30, 2015 of \$119.8 million. This amount is presented net of accumulated depreciation and includes land, plant (facilities), equipment, and construction in progress.

The University's financial statements reflect \$75.8 million in notes and bonds payable. The University's bonded indebtedness consisted of: State institution bonds of \$25.2 million, student residential life building revenue notes of \$35.3 million, State Treasurer's Office Master Loan Program of \$3.3 million, State Budget Control Board Recovery loan of \$6 million and State of SC Blue Ribbon Committee loan of \$6 million. Revenue bonds for state institution bonds and student housing notes are paid with pledged net revenues. For additional information on debt administration, see Notes 8, 9, and 10 in the notes to the financial statements.

Capital assets, with an individual cost of \$5,000 per item, increased during the fiscal year by \$0.2 million. See Note 5 for further detail of the capital assets.

Economic Outlook

South Carolina State University for the second year in row experienced an increase in state appropriations (general, special and capital fund for deferred maintenance) after experiencing several years of dramatic declines (these significant decreases were experienced by all public institutions in South Carolina and throughout the country). State funds are allocated through the South Carolina General Assembly appropriations process. In order to meet the challenges of possible appropriation reductions the administration meets continually, reviews all programs and decisions are made that are in the best interest of the students and the University. The University has also strengthened and heightened its recruitment and fundraising efforts to assist in addressing the financial needs and increasing enrollment. Increasing enrollment will be the key to reducing and eliminating operating deficits and increasing unrestricted cash resources. One major

South Carolina State University

Management's Discussion and Analysis (unaudited)

cost to the University is deferred maintenance, which the University funds through general revenues as well as through state appropriations.

More Information

This financial report is designed to provide a general overview of the University's finances and to demonstrate the University's accountability for the funds it receives. Any questions regarding this report or requests for information may be addressed to the Vice President for Finance and Management, Edward Patrick; 300 College Street, N.E. PO Box 7007; Orangeburg, South Carolina 29117-0001.

South Carolina State University

Notes to Financial Statements

1. Summary of Significant Accounting Policies

Nature of Operations

South Carolina State University (the "University") is a coeducational institution of higher education supported by the State of South Carolina (the "State"). The University serves local, regional, state, national, and international communities by providing academic instruction, conducting research and other activities that advance fundamental knowledge, and by disseminating knowledge to the public.

Reporting Entity

The financial reporting entity, as defined by Governmental Accounting Standards Board ("GASB") Codification Section 2600, *Reporting Entity and Component Unit Presentation and Disclosure*, consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete. The accompanying financial statements present only that portion of the funds of the State of South Carolina that is attributable to the transactions of the University and its component units unless otherwise unavailable as discussed below.

South Carolina State University Foundation, Inc. (the "Foundation") is a legally separate, tax-exempt component unit of the University. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the University in support of its programs. Although the University does not control the timing or amount of receipts from the Foundation, the majority of resources or income thereon that the Foundation holds and invests is restricted to the activities of the University by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the University, the Foundation is considered a component unit of the University, and is discretely presented in the University's financial statements. Copies of the separately issued financial statements of the Foundation can be obtained by sending a request to South Carolina University Foundation, Post Office Box 7187, Orangeburg, South Carolina 29117.

South Carolina State University Advancement Foundation Incorporated (the "Advancement Foundation") is a legally separate tax-exempt component unit of the University. This non-profit foundation is a "public benefit" corporation, organized and designed for advancement of the University's missions and to serve as the repository for proceeds generated from outsource enterprises, fund development initiatives and other special institutional campaigns. Since the Advancement Foundation was created to support the University, the Foundation is considered a component unit of the University, and is discretely presented in the University's financial statements. Copies of the most recently available and separately issued financial statements of the Advancement Foundation can be obtained by sending a request to South Carolina State University Advancement Foundation, 300 College Street, NE, Orangeburg, South Carolina 29117. On May 5, 2015 the University's Board of Trustees voted to terminate its relationship with the Advancement Foundation, resulting in the year ended June 30, 2015 being the final year the Advancement Foundation will be considered a component unit of the University.

The University is part of the primary government of the State of South Carolina.

South Carolina State University

Notes to Financial Statements

Basis of Accounting

For financial reporting purposes, the University is considered a special-purpose government engaged only in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

The Foundations are private nonprofit organizations that report under Financial Accounting Standards Board ("FASB"), reporting requirements, including FASB Accounting Standards Codification Topics relevant to not-for-profit entities. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundations' financial information in the University's financial reporting entity for these differences. The Foundations are required to report information regarding their financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Cash and Cash Equivalents

For purposes of the financial statements, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds invested through the State of South Carolina State Treasurer's Office are considered cash equivalents.

Investments

The University accounts for its investments at fair value in accordance with GASB Codification Section 150, *Investments*. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the Statement of Revenues, Expenses, and Changes in Net Position. The Foundation's investment in securities and donated negotiable assets are stated at market value. Investment income is reported net of investment fees and service charges.

Receivables

Student accounts receivable consists of tuition and fees charged to students, and auxiliary enterprise sales and services provided to students, faculty and staff. Student accounts receivable are recorded net of estimated uncollectible amounts.

Grants and contracts receivable include amounts due from the federal, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts and for reimbursements of other expenses.

South Carolina State University

Notes to Financial Statements

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. The University follows capitalization guidelines established by the State of South Carolina. All land is capitalized, regardless of cost. Qualifying improvements that rest in or on the land itself are recorded as depreciable land improvements. Major additions and renovations and other improvements that add to the usable space, prepare existing buildings for new uses, or extend the useful life of an existing building are capitalized. The University capitalizes movable personal property with a unit value in excess of \$5,000 and a useful life in excess of two years and depreciable land improvements, buildings and improvements, and intangible assets costing in excess of \$100,000. Routine repairs and maintenance and library materials, except individual items costing in excess of \$5,000, are charged to operating expenses in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 15 to 50 years for buildings and improvements and land improvements, and 2 to 25 years for machinery, equipment, and vehicles. Depreciation is calculated based on the number of months the item is in use during the year.

The University capitalizes as a component of construction in progress interest costs in excess of earnings on debt associated with the capital projects; therefore asset values in capital assets include such interest costs.

Unearned Revenues

Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned, and the unamortized portion of the unearned capital contributions from outside contributors.

Student Deposits

Deposits include dormitory room deposits, advance tuition payments, and other miscellaneous deposits. Student deposits are recognized as revenue during the semester for which the fee is applicable and earned when the deposit is non-refundable to the student under the forfeit terms of the agreement.

Compensated Absences Payable

Employee vacation pay expense is accrued at year end for financial statement purposes. The liability and expense incurred are recorded at year end as compensated absences payable in the statement of net position, and as components of compensation expenses in the statement of revenues, expenses, and changes in net position.

South Carolina State University

Notes to Financial Statements

Federal Perkins Loans Receivable and Related Federal Loan Fund Contributions

Certain student loans receivable on the statement of net position are due to the University under the Federal Perkins Loan Program. This program is funded primarily by the federal government with the University providing a required match. The amount reported as federal loan fund contributions is the amount of cumulative federal contributions and a pro-rata share of net earnings on the loans under this program that would have to be repaid to the federal government if the University ceases to participate in the program. The University recognizes as revenue and expenses only the portion attributable to its matching contribution.

Net Position

The University's Net Position is classified as follows:

Net investment in capital assets: This represents the University's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted net position - nonexpendable: Nonexpendable restricted net position consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Restricted net position - expendable: Restricted expendable net position include resources in which the University is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

Unrestricted net position: Unrestricted net position represent resources derived from student tuition and fees, appropriations, and sales and services of educational departments and auxiliary enterprises. These resources may be used at the discretion of the governing board to meet current expenses. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty and staff. The University's policy for applying expenses that can use both restricted and unrestricted resources is delegated to the departmental administrative level. General practice is to first apply the expense to restricted resources then to unrestricted resources.

Income Taxes

The University, as a political subdivision of the State of South Carolina, is generally excluded from federal and state income taxes under the applicable federal and state statutes and regulations on income. Certain transactions and activities of the University may be subject to taxation as unrelated business income.

The Foundation and Advancement Foundation are private not-for-profit foundations within the definition of Section 509(a) of the Internal Revenue Code and are exempt from taxes under Section 501(c)(3).

South Carolina State University

Notes to Financial Statements

Classification of Revenues and Expenses

The University has classified its revenues and expenses as either operating or nonoperating according to the following criteria:

Operating revenues and expenses: Operating revenues generally result from exchange transactions to provide goods or services related to the University's principal on-going operations. These revenues include (1) student tuition and fees received in exchange for providing educational services, housing, and other related services to students; (2) receipts for scholarships where the provider has identified the student recipients; (3) fees received from organizations and individuals in exchange for miscellaneous goods and services provided by the University; and (4) grants and contracts that are essentially the same as contracts for services that finance programs the University would not otherwise undertake. Operating expenses include all expense transactions incurred other than those related to investing capital or noncapital financing activities.

Nonoperating revenues and expenses: Nonoperating revenues include activities that have the characteristics of nonexchange transactions. These revenues include gifts and contributions, appropriations, investment income, and any grants and contracts that are not classified as operating revenue or restricted by the grantor to be used exclusively for capital purposes. Nonoperating expenses include interest paid on capital asset related debt, losses on disposal of capital assets, and refunds to grantor.

Sales and Services of Educational and Other Activities

Revenues from sales and services of educational and other activities generally consist of amounts received from athletic programs, laboratory school and other activities that incidentally create goods and services which may be sold to students, faculty, staff, and the general public.

Auxiliary Enterprises and Internal Service Activities

Auxiliary enterprise revenues are primarily generated by the dormitories, dining services, bookstore and health center.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, and expenditures and affect disclosure of contingent amounts as of the date of the financial statements. Actual results could differ from those estimates.

Donor Restricted Assets

The University policy for the treatment of net appreciation (depreciation) on investments of donor restricted endowments increases or decreases the principal. These amounts are not authorized for expenditure.

South Carolina State University

Notes to Financial Statements

2. Cash and Cash Equivalents, Deposits and Investments

Most deposits and investments of the University are under the control of the State Treasurer who, by law, has sole authority of investing State funds. Certain restricted deposits and investments are held by financial institutions.

The following are cash and cash equivalents, deposits and investments (at cost) as of:

	South Carolina State University June 30, 2015	South Carolina State University Foundation, Inc. December 31, 2014	South Carolina State University Advancement Foundation June 30, 2015

South Carolina State University

Notes to Financial Statements

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the University's deposits may not be returned to it. For deposits held by the State Treasurer, State law requires full collateralization of all State Treasurer bank balances. The State Treasurer must correct any deficiencies in collateral within seven days. Information pertaining to the reported amounts, fair values, and credit risk of the State Treasurer's deposits is disclosed in the Comprehensive Annual Financial Report of the State of South Carolina.

With respect to investments in the State's internal cash management pool, all of the State Treasurer's investments are insured or registered or are investments for which the securities are held by the State or its agents in the State's name. Information pertaining to the reported amounts, fair values, and credit risk of the State Treasurer's investments is disclosed in the Comprehensive Annual Financial Report of the State of South Carolina.

The University's and the Foundation's other deposits are entirely insured or collateralized with securities held by the entity or by its agent in the entities name, or collateralized with securities held by the pledging financial institution's Trust Department or Agent in the entity's name.

Investments Held by State Treasurer

At June 30, 2015, the University's investments held by State Treasurer are as follows:

<i>Investment Type</i>	<i>Fair Value</i>	<i>Maturity</i>
Common Stock	\$ 17,345	NA
Series 1984 Agricultural College Stock	95,900	2035
Total	\$ 113,245	

Investments Held by State Treasurer

These investments consist of Series 1984 Agricultural College stock with a carrying amount of \$95,900 held by the State Treasurer until they mature in 2035. While outstanding, the State is required to pay the University 6% per year.

The investment types listed above include all investment types in which monies were held throughout the fiscal year and the balances therein fluctuated minimally in excess of the fiscal year end balances.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The University does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of credit risk is the risk of loss attributed to the magnitude of the University investment in a single issuer. The University does not have a formal investment policy that requires investments to be spread among more than a single issuer.

South Carolina State University

Notes to Financial Statements

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The University does not have a formal policy for handling investment credit risk.

Custodial credit risk occurs in the event that investment securities are uninsured and are not registered in the name of the University, and there is a failure of the counterparty. At year end, the University was not exposed to custodial credit risk. The U.S. Government securities are on deposit with the University's fiduciary agent, which holds these securities by book entry in its fiduciary Federal Reserve accounts. The University's ownership of these securities is identified through the internal records of the fiduciary agent.

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The University is not at risk for foreign currency risk.

Investments - Nongovernmental Discretely Presented Component Unit

South Carolina State University Foundation, Inc.

Investment earnings in pooled or common investments in which multiple funds are invested are allocated among the funds in a proportion of each fund's beginning fair value total.

At December 31, 2014, South Carolina State University Foundation, Inc.'s investments are as follows:

<i>Investments carried at fair value</i>	<i>Fair Value</i>	
Money market funds	\$	372,699
Equities		3,480,536
Mutual funds		263,916
Fixed income		1,287,303
Real estate investment trust		321,068
Hedge funds		747,389
Commodities		301,421
Certificates of deposit		52,419
Total investments carried at fair value	\$	6,826,751

South Carolina State University

Notes to Financial Statements

South Carolina State University Advancement Foundation

At June 30, 2015, South Carolina State University Advancement Foundation investments are as follows:

<i>Investments carried at fair value</i>	Cost	Fair Value
UBS Portfolio Endow.	\$ 215,560	\$ 233,020
UBS Portfolio Endow. Ath.	1,044	1,044
UBS Portfolio Scholarships	341	341
Total investments carried at fair value	\$ 216,945	\$ 234,405

3. Student Accounts and Loans Receivable

Student accounts receivable as of June 30, 2015, are summarized as follows:

	Tuition and Fees	Auxiliary Services	Total
Student accounts receivable	\$ 2,078,155	\$ 656,259	\$ 2,734,414
Less allowance for doubtful accounts	(922,872)	(291,433)	(1,214,305)
Net student accounts receivable	\$ 1,155,283	\$ 364,826	\$ 1,520,110

Student loans receivable consisted of the following:

<i>June 30,</i>	2015
Federal Perkins Loan Program	\$ 1,486,240
African American Loan Fund	1,243,392
Education Improvement Act	1,807,089
Gross student loans receivable	4,536,721
Less allowance for doubtful accounts	(1,449,495)
Net student loans receivable	\$ 3,087,226

Allowances for doubtful accounts are established based upon actual losses experienced in prior years and evaluations of the current account portfolio.

South Carolina State University

Vehicles	(1,375,472)	(67,500)	-	(1,442,972)
Total accumulated depreciation	(72,203,149)	(5,014,154)	-	(77,217,303)
Total capital assets being depreciated, net	121,980,643	(4,981,242)	-	116,999,401
Capital assets, net	\$ 124,615,165	\$ (4,826,996)	\$ -	\$ 119,788,169

South Carolina State University

Notes to Financial Statements

6. Unearned Revenues

Unearned revenues consisted of the following:

<i>June 30,</i>		2015
Academic and other fees - second summer session	\$	546,074
Insurance proceeds for repairs		33,924
Sponsored research and other programs		273,149
Bond premium deferred interest		225,665
Donated capital gift		412,857
Athletic event receipts - fall semester		319,937
Total unearned revenues	\$	1,811,606

7. Lease Obligations

The University has noncancelable operating leases having remaining terms of more than one year and expiring in various fiscal years from 2016 to 2017. Certain operating leases provide for renewal options for periods three to five years at their fair rental value at the end of their lease term. Total operating lease payments were \$642,814 for fiscal year 2015.

The future minimum lease payments for noncancelable operating leases at June 30, 2015 are as follows:

<i>Year Ending June 30,</i>		Operating Leases
2016	\$	491,213
2017		122,803
Total minimum lease payments	\$	614,016

South Carolina State University

Notes to Financial Statements

8. Bonds and Notes Payable

Bonds and notes payable consisted of the following at June 30, 2015:

	Interest Rates	Maturity Dates	Balance
General Obligation Bonds, Series 2003G	3.00-4.125%	2006-2023	\$ 2,075,000
General Obligation Bonds, Series 2006D	4.00-5.00%	2007-2027	23,140,000
Total Bonds Payable			25,215,000
Note Payable - Student Housing Part 2	5.830%	2013-2035	35,344,970
Note Payable - Master Lease Note 1	3.890%	2013-2017	145,214

Note Payable - Master Lease Note 3	3.613%	2013-2019	337,790
Note Payable - Master Lease Note 4	5.079%	2013-2019	759,713
Note Payable - Master Lease Note 5	4.130%	2013-2019	1,920,996
Note Payable - Recovery Loan	1.000%	2015-2020	6,000,000
Note Payable - Blue Ribbon 6-4-2 Loan	0.000%	n/a	6,000,000
Total Notes Payable			50,609,871
Total Bonds and Notes Payable			\$ 75,824,871
Current			3,729,546
Noncurrent			72,095,325
Total Bonds and Notes Payable			\$ 75,824,871

General Obligation Bonds

The General Obligation Bonds, Series 2003G mature serially and after June 1, 2014 are subject to redemption in whole or if in part on June 1, 2013 and all subsequent payment dates in inverse chronological order of maturity, at the option of the State of South Carolina, at the following redemption prices: June 1, 2013 and December 1, 2013 at 101%; June 1, 2014 and thereafter at par. State of South Carolina did not redeem the bonds on June 1, 2013. Interest is payable semi-annually at rates from 3.00% to 4.125%.

The General Obligation Bonds, Series 2006D mature serially each October beginning in 2007 with final maturity in 2027. Bonds maturing on or after October 2017 may be redeemed by the State in any order determined by the State after that date, at par plus accrued interest. Interest is payable each April and October 1, beginning in 2007 at rates from 4.00% to 5.00%.

South Carolina State University

Notes to Financial Statements

The Constitution of the State of South Carolina requires that the amount of the University's required debt service does not exceed 90% of pledged tuition revenues received for the preceding year. Tuition revenue is pledged up to the amount of the annual debt requirements for the payment of principal and interest on General Obligation Bonds. Tuition fees used to calculate the University's debt service limit on bonded indebtedness for the preceding year were \$3,012,052 which results in a legal annual debt service at June 30, 2015 of \$2,710,847. The annual debt service payments for the fiscal year ended June 30, 2015 were \$2,691,458. Tuition revenue pledged in fiscal year 2014 was \$3,017,991 which results in a legal debt limit of \$2,692,194.

Scheduled maturities of General Obligation Bonds at June 30, 2015 are as follows:

*General Obligation Bonds Series 2003G
and 2006D*

	Principal	Interest	Total
2016	\$ 1,640,000	\$ 1,052,194	\$ 2,692,194
2017	1,710,000	971,869	2,681,869
2018	1,780,000	888,369	2,668,369
2019	1,860,000	808,969	2,668,969
2020	1,940,000	733,894	2,673,894
2021-2025	11,090,000	2,335,875	13,425,875
2026-2027	5,195,000	223,231	5,418,231
Total	\$ 25,215,000	\$ 7,014,001	\$ 32,229,401

Notes Payable - Student Housing

Notes payable to construct housing facilities in 2006 were financed in two parts from the proceeds of two tax-exempt bond issues made by the lending private financial institution through Capital Loan Agreement ("Agreement") under the Historically Black Colleges and Universities ("HBCU") Capital Financing Program. The first part was fully retired in 2012. The second part is payable in semi-annual installments of approximately \$1,431,416 beginning in 2013 until it matures in 2035. The loan is secured by the revenues from the housing facility.

The University established an escrow account in accordance with the Agreement and assigned all of its rights and interests to the trustee for the lending financial institution. The use of the escrow funds are governed, in part, by a trust indenture which provides for claims against the escrow account for a share of defaulted loans of other borrowers participating in the HBCU Capital Financing Program. The balance of escrow account in the amount of \$1,398,011 is included in noncurrent restricted cash and cash equivalents for debt service at June 30, 2015.

The Agreement contains various performance covenants and limits the incurrence of new debt by the University. Certain covenant requires the net housing revenues are equal to at least 125% of maximum annual debt service and such that revenues are equal to at least 100% of operating expenses, maximum annual debt service and escrow account payments. As of June 30, 2015, the University was compliant with its financial metric loan covenants. In January 2016, the University obtained an extension through February 15, 2016 for its financial reporting submission loan covenants that required the University to submit its audited 2015 financial statements within 180 days from June 30, 2015.

South Carolina State University

Notes to Financial Statements

Scheduled maturities of notes payable - student housing part II at June 30, 2015 are as follows:

*Notes Payable - Student Housing
Part II*

	Principal	Interest	Total
2016	\$ 1,041,635	\$ 1,821,197	\$ 2,862,832
2017	1,096,085	1,766,747	2,862,832
2018	1,153,605	1,709,228	2,862,833
2019	1,213,555	1,649,278	2,862,833
2020	1,268,863	1,593,969	2,862,832
2021-2025	7,461,399	6,852,762	14,314,161
2026-2030	9,648,687	4,663,474	14,312,161
2031-2035	12,461,141	1,863,016	14,324,157
Total	\$ 35,344,970	\$ 21,919,671	\$ 57,264,641

Notes Payable - Master Lease

The University issued two notes payable in 2007 in order to acquire certain equipment. The first note requires annual payments of \$76,868 at annual interest of 3.89% and matures in March 2017. The second note requires annual payments of \$53,523 at annual interest of 3.8355% and matures in May 2017.

In fiscal year 2009, the University issued two additional notes payable in order to acquire certain equipment. The note in the amount of \$925,000 was issued on September 25, 2008 which requires a quarterly payment of \$27,656 at annual interest of 3.6125% and matures in September 2018. The other note in the amount of \$1,647,000 was issued on June 24, 2009 which requires a quarterly payment of \$52,769 at annual interest of 5.079% and matures in June 2019.

In fiscal year 2010, the University issued an additional note payable in order to acquire additional equipment. The note in the amount of \$4,700,960 was issued on June 25, 2010 which requires a quarterly payment of \$176,556 until 2015 and \$107,471 thereafter at annual interest of 4.3788%. The note matures in June 2020.

South Carolina State University

Notes to Financial Statements

Notes Payable Energy Stimulus Loan

In fiscal year 2011, the University obtained a loan from South Carolina State Energy Office which is funded through the State Energy Program-American Recovery and Reinvestment Act, for energy efficiency and renewable energy improvements in the amount of \$124,574. The loan is free of interest and payable in three years starting 2013 through 2015. The energy stimulus loan was paid in full during the fiscal year, 2015.

Notes Payable SC Budget Control Board Operating Loan

The University obtained a loan from South Carolina Budget Control Board in the amount of \$6 million that was issued June 30, 2014. The note requires annual payments starting June 30, 2016 and has an annual interest rate of 1.0%. The note matures in June 2020.

<i>Note Payable - SC BCB Operating Loan</i>	Principal	Interest	Total
2016	\$ 300,000	\$ 55,036	\$ 355,036
2017	600,000	57,158	657,158
2018	900,000	65,630	965,630
2019	2,100,000	65,972	2,165,972
2020	2,100,000	37,138	2,137,138
Total	\$ 6,000,000	\$ 280,934	\$ 6,280,934

Notes Payable SC Blue Ribbon 6-4-2 Loan

In fiscal year 2015, the Blue Ribbon Committee, appointed by the South Carolina State Legislature, awarded the University a \$12 million loan to be provided to the University over three years in annual installments of \$6 million, \$4 million and \$2 million, in fiscal 2015, 2016 and 2017, respectively. The University received the initial installment of \$6 million during the fiscal year 2015. As of June 30, 2015, the repayment terms of the note had not been determined. However, no payments are required until after the final installment of \$2 million is received in 2017.

South Carolina State University

Notes to Financial Statements

The University reported principal payments and interest expense related to the bonds and notes payable for the year ended June 30, 2015 as follows:

<i>Bond and Note</i>	<i>Principal</i>	<i>Interest</i>
General Obligation Bonds, Series 2003G	\$ 205,000	\$ 86,208
General Obligation Bonds, Series 2006D	1,375,000	1,025,250
Note Payable - Student Housing Part 2	911,327	1,889,314
Note Payable - Master Lease Note 1	68,558	7,560
Note Payable - Master Lease Note 2	47,809	5,479
Note Payable - Master Lease Note 3	96,239	14,600
Note Payable - Master Lease Note 4	167,148	44,702
Note Payable - Master Lease Note 5	605,444	102,299
Note Payable Energy Stimulus Loan	41,525	-
Total	\$ 3,518,050	\$ 3,175,412

9. Long-term Liabilities

Long-term liability activity for the year ended June 30, 2015 was as follows:

	<i>June 30, 2014</i>	<i>Additions</i>	<i>Reductions</i>	<i>June 30, 2015</i>	<i>Due within one year</i>
Compensated absences payable	\$ 2,898,650	\$ 439,152	\$ 384,815	\$ 2,952,987	\$ 1,284,455
General obligation bonds payable	26,795,000	-	1,580,000	25,215,000	1,640,000
Notes payable	46,547,921	6,000,000	1,938,050	50,609,871	2,089,546
Total	\$ 76,241,571	\$6,439,152	\$ 3,902,865	\$78,777,858	\$ 5,014,001

Additional information regarding bonds payable is included in Note 8.

10. Contingencies, Litigation, and Project Commitments

The University is a party to various lawsuits arising out of the normal conduct of its operations. In the opinion of University management, there are no material claims or lawsuits against the University that are not covered by insurance or whose settlement would materially affect the University's financial position.

The University participates in certain federal grant programs. These programs are subject to financial and compliance audits by the grantor or its representative. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Management believes disallowances, if any, will not be material.

South Carolina State University

Notes to Financial Statements

The University had outstanding commitments under construction contracts of approximately \$9,750 for capital projects. The University anticipates funding these projects out of General Obligation Bonds.

The University is contingently liable, under the Capital Project Loan Agreement described in Note 8, for a portion of certain notes payable of other HBCU's under the HBCU Capital Financing program. The liability is limited to 5% of the cumulative advances under the Capital Project Loan Agreement. The contingent liability is secured by the South Carolina State University Escrow Account, also described in Note 8. As of June 30, 2015, total charges of \$28,115 have been made against the Escrow Account pursuant to the default of another borrower in the HBCU Capital Finance Program

11. Pension Plan

The South Carolina Public Employee Benefit Authority ("PEBA"), which was created July 1, 2012, administers the various retirement systems and retirement programs managed by its Retirement Division. PEBA has an 11 member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as co-trustee and co-fiduciary of the systems and the trust funds. By law, the Budget and Control Board, which consists of 5 elected officials, also reviews certain PEBA Board decisions regarding the funding of the Systems and serves as a co-trustee of the Systems in conducting that review. PEBA issues a comprehensive annual financial report ("CAFR") containing financial statements and required supplementary information for the South Carolina Retirement Systems' Pension Trust Funds. A copy of PEBA's CAFR is publicly available on the Retirement Benefits' link on PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to PEBA, PO Box 11960, Columbia, SC 29211-1960. PEBA is considered a division of the primary government of the state of South Carolina and therefore, retirement trust fund financial information is also included in the comprehensive annual financial report of the state.

Plan Description

The South Carolina Retirement System ("SCRS"), a cost-sharing multiple-employer defined benefit pension plan, was established effective July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement allowances and other benefits for employees of the state, its public school districts, and political subdivisions.

The State Optional Retirement Program ("ORP") is a defined contribution plan that is offered as an alternative to certain newly hired state, public school, and higher education employees. State ORP participants direct the investment of their funds into a plan administered by 1 of 4 investment providers.

The South Carolina Police Officers Retirement System ("PORS"), a cost-sharing multiple-employer defined benefit pension plan, was established effective July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement allowances and other benefits for police officers and firemen of the state and its political subdivisions.

South Carolina State University

Notes to Financial Statements

Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented below:

SCRS - Generally, all employees of covered employers, such as the University, are required to participate in and contribute to the system as a condition of employment. This plan covers general employees and teachers and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class II member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class III member.

State ORP - As an alternative to membership in SCRS, newly hired state, public school, and higher education employees and individuals newly elected to the S.C. General Assembly beginning with the November 2012 general election have the option to participate in the State Optional Retirement Program ("State ORP"), which is a defined contribution plan. State ORP participants direct the investment of their funds into a plan administered by 1 of 4 investment providers. PEBA assumes no liability for State ORP benefits. Rather, the benefits are the liability of the investment providers. For this reason, State ORP programs are not considered part of the retirement systems for financial statement purposes. Employee and Employer contributions to the State ORP are at the same rates as SCRS. A direct remittance is required from the employers to the member's account with investment providers for the employee contribution (8 %) and a portion of the employer contribution (5 %). A direct remittance is also required to SCRS for the remaining portion of the employer contribution (5.75 %) and an incidental death benefit contribution (0.15 %), if applicable, which is retained by SCRS.

PORS - To be eligible for PORS membership, an employee must be required by the terms of his employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the state; to prevent and control property destruction by fire; or to serve as a peace officer employed by the Department of Corrections, the Department of Juvenile Justice, or the Department of Mental Health. Probate judges and coroners may elect membership in PORS. Magistrates are required to participate in PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least 1,600 hours per year to this work, unless exempted by statute. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class II member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class III member.

Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation. A brief summary of benefit terms for each system is presented below:

SCRS - A Class II member who has separated from service with at least 5 or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class III member who has separated from service with at least 8 or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at

South Carolina State University

Notes to Financial Statements

least 90 years. Both Class II and Class III members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the 5 or 8 year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

The benefit formula for full benefits effective since July 1, 1989 for the SCRS is 1.82% of an employee's average final compensation ("AFC") multiplied by the number of years of credited service. For Class II members, AFC is the average annual earnable compensation during 12 consecutive quarters and includes an amount for up to 45 days termination pay at retirement for unused annual leave. For Class III members, AFC is the average annual earnable compensation during 20 consecutive quarters and termination pay for unused annual leave at retirement is not included. An incidental death benefit is also available to beneficiaries of active and retired members.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of 1% or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

PORS - A Class II member who has separated from service with at least 5 or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. A Class III member who has separated from service with at least 8 or more years of earned service is eligible for a monthly pension at age 55 or with 27 years of service regardless of age. Both Class II and Class III members are eligible to receive a deferred annuity at age 55 with 5 or 8 years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty.

The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of 1% or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

Disability annuity benefits are available to Class II members if they have permanent incapacity to perform regular duties of the member's job and they have at least 5 years of earned service (this requirement does not apply if the disability is a result of a job related injury). Class III members can apply for disability annuity benefits provided they have a permanent incapacity to perform the regular duties of the member's job and they have a minimum of eight years of credited service. For disability applications received after December 31, 2013, a member of SCRS will have to be approved for disability benefits from the Social Security Administration in order to be eligible for SCRS disability retirement benefits. An incidental death benefit equal to an employee's annual rate of compensation is payable upon the death of an active employee with a minimum of one year of credited service or to a working retired contributing member. There is no service requirement for death resulting from actual performance of duties for an active member. For eligible retired members, a lump-sum payment is made to the retiree's beneficiary of up to \$6,000 based on years of service at retirement.

South Carolina State University

Notes to Financial Statements

Contributions

Contributions are prescribed in Title 9 of the South Carolina Code of Laws. The PEBA Board may increase the SCRS and PORS employer and employee contribution rates on the basis of the actuarial valuations, but any such increase may not result in a differential between the employee and employer contribution rate that exceeds 2.9 % of earnable compensation for SCRS and 5 % for PORS. An increase in the contribution rates adopted by the board may not provide for an increase of more than 0.5% in any one year. If the scheduled employee and employer contributions provided in statute or the rates last adopted by the board are insufficient to maintain a 30 year amortization schedule of the unfunded liabilities of the plans, the board shall increase the contribution rates in equal percentage amounts for the employer and employee as necessary to maintain the 30 year amortization period; and, this increase is not limited to 0.5% per year.

Required employee contribution rates for fiscal year 2014-2015 are as follows:

SCRS

Employee Class II	8.00% of earnable compensation
Employee Class III	8.00% of earnable compensation

State ORP Employee	8.00% of earnable compensation
--------------------	--------------------------------

PORS

Employee Class I	\$21 per month
Employee Class II	8.41% of earnable compensation
Employee Class III	8.41% of earnable compensation

Required employer contributions for fiscal year 2014-2015 are as follows:

SCRS

Employer Class II	10.75% of earnable compensation
Employer Class III	10.75% of earnable compensation
Employer Incidental Death Benefit	0.15% of earnable compensation

State ORP

Employer Contribution	10.75% of earnable compensation
Employer Incidental Death Benefit	0.15% of earnable compensation

PORS

Employer Class I	7.80% of earnable compensation
Employer Class II	13.01% of earnable compensation
Employer Class III	13.01% of earnable compensation
Employer Incidental Death Benefit	0.20% of earnable compensation
Employer Accidental Death Program	0.20% of earnable compensation

Of the ORP contribution of 10.75% of earnable compensation, 5% of earnable compensation must be remitted by the employer directly to the ORP vendor to be allocated to the member's account with the remainder of the employer contribution remitted to SCRS.

South Carolina State University

Notes to Financial Statements

Contributions to the SCRS, ORP, and PORS pension plans from the University were \$3,922,236, \$818,499 and \$83,710, respectively, for the year ended June 30, 2015.

Effective January 1, 2001, Section 9-1-2210 of the South Carolina Code of Laws allows employees eligible for service retirement to participate in the Teacher and Employee Retention Incentive ("TERI") Program. TERI participants may retire and begin accumulating retirement benefits on a deferred basis without terminating employment for up to 5 years. Upon termination of employment or at the end of the TERI period, whichever is earlier, participants will begin receiving monthly service retirement benefits which will include any benefit adjustments granted during the TERI period. Because participants are considered retired during the TERI period, they do not earn service credit, and are ineligible for disability retirement benefits. The TERI program will end effective June 30, 2018 and a member's participation may not continue after this date. TERI participants and retired contributing members are eligible for the increased death benefit equal to their annual salary in lieu of the standard retired member benefit.

Net Pension Liability

At June 30, 2015, the University reported liabilities of \$57,347,963 and \$968,011 for its proportionate shares of the SCRS and PORS net pension liabilities, respectively. The net pension liabilities were measured as of June 30, 2014, and the total pension liabilities used to calculate the net pension liabilities were determined by an actuarial valuation as of July 1, 2013 projected forward to June 30, 2014. The University's proportionate shares of the net pension liabilities were based on a projection of the University's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2014, the University's proportionate shares of the SCRS and PORS plans were 0.333083% and 0.05056%, which was the same as its proportionate shares of the net pension liabilities measured as of June 30, 2013, respectively.

Pension Expense

For the year ended June 30, 2015, the University recognized pension expense for the SCRS and PORS plans of \$4,019,292 and \$84,689, respectively.

Deferred Inflows of Resources and Deferred Outflows of Resources

At June 30, 2015, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources for each of the respective plans:

	SCRS	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,624,920	\$ -
Net difference between projected and actual earnings on pension plan investments	-	4,834,673
University contributions subsequent to the measurement date	3,112,944	-
Total	\$ 4,831,698	\$ 4,834,673

South Carolina State University

Notes to Financial Statements

	PORS	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 25,832	\$ -
Net difference between projected and actual earnings on pension plan investments	-	112,006
University contributions subsequent to the measurement date	67,982	-
Total	\$ 93,814	\$ 112,006

The \$3,112,943 and \$67,982 reported as deferred outflows of resources related to pensions resulting from University contributions subsequent to the measurement date for the SCRS and PORS plans, respectively, during the year ended June 30, 2015 will be recognized as a reduction of the net pension liabilities in the year ending June 30, 2016.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows for the SCRS and PORS plans, respectively:

<i>Year Ended June 30,</i>	SCRS	PORS
2016	\$ (706,058)	\$ (21,301)
2017	(706,058)	(21,301)
2018	(706,058)	(21,301)
2019	(1,091,560)	(22,265)
Total	\$ 3,209,734	\$ 86,168

Actuarial Assumptions and Methods

Actuarial valuations involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined during the valuation process are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each 5 year period. The last experience study was performed on data through June 30, 2010, and the next experience study is scheduled to be conducted after the June 30, 2015 annual valuation is complete.

South Carolina State University

Notes to Financial Statements

The most recent annual actuarial valuation reports adopted by the PEBA Board and Budget and Control Board are as of July 1, 2013. The net pension liability of each defined benefit pension plan was therefore determined by PEBA's consulting actuary, Gabriel, Roeder, Smith and Company ("GRS") based on the July 1, 2013 actuarial valuations, using membership data as of July 1, 2013, projected forward to the end of the fiscal year, and financial information of the pension trust funds as of June 30, 2014, using generally accepted actuarial procedures. Information included in the following schedules is based on the certification provided by GRS.

The following table provides a summary of the actuarial assumptions and methods used in the July 1, 2013 valuations for the SCRS and PORS plans administered by PEBA:

	SCRS	PORS
Actuarial cost method	Entry age	Entry age
Actuarial assumptions:		
Investment rate of return	7.5%	7.5%
Projected salary increases	levels off at 3.5%	levels off at 4.0%
Includes inflation at	2.75%	2.75%
Benefit adjustments	lesser of 1% or \$500	lesser of 1% or \$500

The post-retiree mortality assumption is dependent upon the member's job category and gender. This assumption includes base rates which are automatically adjusted for future improvement in mortality using published Scale AA projected from the year 2000.

Former Job Class	Males	Females
Educators and Judges	RP-2000 Males (with White Collar adjustment) multiplied by 110%	RP-2000 Females (with White Collar adjustment) multiplied by 95%
General Employees and Members of the General Assembly	RP-2000 Males multiplied by 100%	RP-2000 Females multiplied by 95%
Public Safety, Firefighters and members of the South Carolina National Guard	RP-2000 Males (with Blue Collar adjustment) multiplied by 115%	RP-2000 Females (with Blue Collar adjustment) multiplied by 115%

The long-term expected rate of return on pension plan investments for actuarial purposes is based upon the 30 year capital market outlook at the end of the third quarter 2012. The actuarial long-term expected rates of return represent best estimates of arithmetic real rates of return for each major asset class and were developed in coordination with the investment consultant for the Retirement System Investment Commission ("RSIC") using a building block approach, reflecting observable inflation and interest rate information available in the fixed income markets as well as Consensus Economic forecasts. The actuarial long-term assumptions for other asset classes are based on historical results, current market characteristics and professional judgment.

The RSIC has exclusive authority to invest and manage the retirement trust funds' assets. As cofiduciary of the Systems, statutory provisions and governance policies allow the RSIC to operate in a manner consistent with a long-term investment time horizon. The expected real rates of investment return, along with the expected inflation rate, form the basis for the target asset allocation adopted annually by the RSIC. For actuarial purposes, the long-term expected rate of return is calculated by weighting the expected future real rates of return by the target allocation percentage and then adding the actuarial expected inflation which is summarized in the table on

South Carolina State University

Notes to Financial Statements

the following page. For actuarial purposes, the 7.50 % assumed annual investment rate of return used in the calculation of the total pension liability includes a 4.75 % real rate of return and a 2.75 % inflation component.

Asset Class	Target Asset Allocation	Expected Arithmetic Real Rate of Return	Long Term Expected Portfolio Real Rate of Return
Short Term:			
Cash	2.0%	0.3%	0.01%
Short Duration	3.0%	0.6%	0.02%
Domestic Fixed Income:			
Core Fixed Income	7.0%	1.1%	0.08%
High Yield	2.0%	3.5%	0.07%
Bank Loans	4.0%	2.8%	0.11%
Global Fixed Income:			
Global Fixed Income	3.0%	0.8%	0.02%
Emerging Markets Debt	6.0%	4.1%	0.25%
Global Public Equity	31.0%	7.8%	2.42%
Global Tactical Asset Allocation	10.0%	5.1%	0.51%
Alternatives:			
Hedge Funds (Low Beta)	8.0%	4.0%	0.32%
Private Debt	7.0%	10.2%	0.71%
Private Equity	9.0%	10.2%	0.92%
Real Estate (Broad Market)	5.0%	5.9%	0.29%
Commodities	3.0%	5.1%	0.15%
Total Expected Real Return	100.0%		5.88%
Inflation for Actuarial Purposes			2.75%
Total Expected Nominal Return			8.63%

Discount Rate

The discount rate used to measure the total pension liability was 7.5 %. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina State Code of Laws. Based on those assumptions, each System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

South Carolina State University

Notes to Financial Statements

Sensitivity Analysis

The following table presents the University's proportionate share of the net pension liabilities of the respective plans calculated using the discount rate of 7.50 %, as well as what the University's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1.00 % lower (6.50 %) or 1.00 % higher (8.50 %) than the current rate.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

System	1.00% Decrease (6.50%)	Current Discount Rate (7.50%)	1.00% Increase (8.50%)
SCRS	\$ 74,209,078	\$ 57,345,850	\$ 57,345,850
PORS	\$1,357,770	\$ 968,011	\$ 649,651

Pension Plan Fiduciary Net Position

The net pension liability is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, *Financial Reporting for Pension Plans*, ("GASB 67") less that System's fiduciary net position. As of June 30, 2014, net pension liability amounts for SCRS and PORS are as follows (amounts expressed in thousands):

System	Total Pension Liability	Plan Fiduciary Net Position	Employers' Net Position Liability (Asset)	Plan Fiduciary Net Position as a Percentage of the Total Pension Liability
SCRS	\$42,955,205,796	\$25,738,521,026	\$ 17,216,684,770	59.9%
PORS	\$ 5,899,529,434	\$ 3,985,101,996	\$ 1,914,427,438	67.5%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB 67 in the System's notes to the financial statements and required supplementary information.

Detailed information regarding the fiduciary net position of the plans administered by PEBA is available in the separately issued CAFR containing financial statements and required supplementary information for SCRS and PORS which can be accessed via the South Carolina PEBA Retirement Benefits' website.

South Carolina State University

Notes to Financial Statements

12. Restatement for Implementation of an Accounting Pronouncement GASB 68

The University implemented GASB Statement 68, *Accounting and Financial Reporting for Pensions* ("GASB 68"), in the fiscal year ended June 30, 2015. The implementation of the statement required the University to record beginning net pension liability and the effects on unrestricted net position of contributions made by the University during the measurement period (fiscal year ended June 30, 2014). As a result, beginning unrestricted net position for the University as of July 1, 2014 decreased by \$57,419,527. This decrease resulted in the restatement of unrestricted net position to a deficit balance of \$(6,039,506) as of July 1, 2014.

13. Post-employment Benefits Other Than Pensions

a. Plan Description

In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State provides post-employment health and dental and long-term disability benefits to retired State and school district employees and their covered dependents. "Agency" contributes to the Retiree Medical Plan ("RMP") and the Long-term Disability Plan ("LTDP"), cost-sharing multiple-employer defined benefit postemployment healthcare and long-term disability plans administered by the Employee Insurance Program ("EIP"), a part of the State Budget and Control Board ("SBCB"). Generally, retirees are eligible for the health and dental benefits if they have established at least ten years of retirement service credit. For new hires May 2, 2008 and after, retirees are eligible for benefits if they have established 25 years of service for 100% employer funding and fifteen through twenty-four years of service for 50% employer funding. Benefits become effective when the former employee retires under a State retirement system. Basic long-term disability ("BLTD") benefits are provided to active state, public school district and participating local government employees approved for disability.

b. Funding Policies

Section 1-11-710 and 1-11-720 of the South Carolina Code of Laws of 1976, as amended, requires these postemployment healthcare and long-term disability benefits be funded through annual appropriations by the General Assembly for active employees to the EIP and participating retirees to the SBCB except the portion funded through the pension surcharge and provided from other applicable sources of the EIP for its active employees who are not funded by State General Fund appropriations. Employers participating in the RMP are mandated by State statute to contribute at a rate assessed each year by the Office of the State Budget, 5.00% and 4.92% of annual covered payroll for 2015 and 2014, respectively. The EIP sets the employer contribution rate based on a pay-as-you-go basis. The University paid \$1,675,831 and \$1,701,887 applicable to the surcharge included with the employer contribution for retirement benefits for the fiscal years ended June 30, 2015 and 2014, respectively. BLTD benefits are funded through a per person premium charged to State agencies, public school districts, and other participating local governments. The monthly premium for BLTD and group life insurance per active employee paid to EIP was \$3.22 for the fiscal years ended June 30, 2015 and 2014.

South Carolina State University

Notes to Financial Statements

Effective May 1, 2008 the State established two trust funds through Act 195 for the purpose of funding and accounting for the employer costs of retiree health and dental insurance benefits and long-term disability insurance benefits. The South Carolina Retiree Health Insurance Trust Fund is primarily funded through the payroll surcharge. Other sources of funding include additional State appropriated dollars, accumulated EIP reserves, and income generated from investments. The Long Term Disability Insurance Trust Fund is primarily funded through investment income and employer contributions.

14. Related Parties

Certain separately chartered legal entities whose activities are related to those of the University exist primarily to provide financial assistance and other support to the University and its educational programs. They include the SCSU Foundation, Advancement Foundation and South Carolina State University Real Estate Foundation ("Real Estate Foundation").

In conjunction with GASB Codification Section 2600, *Reporting Entity and Component Unit Presentation and Disclosure*, management annually reviews its relationships with the related parties described in this note. The University recognizes the SCSU Foundation and Advancement Foundation as component units and has discretely presented the SCSU Foundation and Advancement Foundation herein. The University excluded the Real Estate Foundation from the reporting entity because it is not financially accountable for this entity.

In fiscal year 2015, the SCSU Foundation contributed \$941,163 to the University for scholarships and other supporting activities of the University. The University also received \$78,284 as reimbursement for salaries and office space. Included in other receivable in statement of net position is amount due from the SCSU Foundation totaling \$19,325 as of June 30, 2015.

The Real Estate Foundation, through its wholly owned South Carolina State University Housing, LLC, operates a student housing facility to be used exclusively for the University students. The University entered an agreement with South Carolina State University Housing, LLC. Under the agreement, the University provides management services to the Real Estate Foundation. These services include, among others, general management of the operations, marketing, occupancy and student resident selection as well as collection of dormitory fees charged to students. The University receives a management fee of 2% of collected revenues as compensation. In fiscal year 2015, the University paid the Real Estate Foundation \$1.95 million for dormitory fees collected from students. The University charged and billed the Real Estate Foundation a total of \$343,803 in fiscal year 2015 for management fees, reimbursement for telephone, copying equipment, salaries and benefits costs. At June 30, 2015, amounts due to and due from the Real Estate Foundation are as follows:

Due from the Real Estate Foundation	\$	173,041
Due to the Real Estate Foundation	\$	32,397

South Carolina State University

Notes to Financial Statements

15. State Appropriations and Contracts

The following are the appropriations as enacted by the General Assembly and reported in the accompanying financial statements for the year ended June 30, 2015:

	Educational and General	Public Service	Total
Noncapital Appropriations:			
Original appropriations per Annual Appropriations Act	\$ 13,470,249	\$ 3,405,200	\$ 16,875,449
Appropriation allocation from SC Education Lottery Fund	2,500,000	-	2,500,000
Appropriation allocations from the State Commission on Higher Education:			
For technology funds	364,857	-	364,857
Total State noncapital appropriations recorded as current year revenue	\$ 16,335,106	\$ 3,405,200	\$ 19,740,306
Capital Appropriations:			
From SC Education Lottery Fund	\$ 154,842	\$ -	\$ 154,842
From Capital Reserve Fund	-	-	-
Total State capital appropriations recorded as current year revenue	\$ 154,842	\$ -	\$ 154,842

South Carolina State University

17. Statement of Activities

The following information is provided for incorporation in the State of South Carolina Comprehensive Annual Financial Report:

<i>Year Ended June 30,</i>	2015	2014	Increase (Decrease)
Charges for services	\$ 43,611,408	\$ 44,217,568	\$ (606,160)
Operating grants, contributions and investment income	31,243,129	32,021,447	(778,318)
Capital grants and contributions	159,746	23,150	136,596
Less expenses	(100,458,490)	(105,506,924)	5,048,434
Net program expenses	(25,444,207)	(29,244,759)	3,800,552
Transfers:			
State appropriations	19,895,148	18,920,608	974,540
Total transfers	19,895,148	18,920,608	974,540
Change in net position	(5,549,059)	(10,324,151)	4,775,092
Net position, beginning of year (as previously reported)	51,380,021	61,704,172	(10,324,151)
Cumulation effect of change in accounting principle	(57,419,527)	-	(57,419,527)
Net position, beginning of year (as restated)	(6,039,506)	61,704,172	(67,743,678)
Net position, ending of year	\$ 11,588,565	\$ 51,380,021	\$(67,968,586)

18. Risk Management

The University is exposed to various risks of loss and maintains State or commercial insurance coverage for each of those risks. Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. Settlement claims have not exceeded this coverage in any of the past three years.

The State of South Carolina believes it is more economical to manage certain risks internally and set aside assets for claim settlement. Several state funds accumulate assets and the State itself assumes substantially all the risk for the following claims of covered employees: unemployment compensation benefits; worker's compensation benefits for job-related illnesses or injuries; health and dental insurance benefit; long-term disability and group-life insurance benefits. Employees can elect health insurance coverage through either a health maintenance organization or through the State's self-insured plan.

South Carolina State University

Notes to Financial Statements

The University and other entities pay premiums to the State's Insurance Reserve Fund ("IRF"), which issues policies, accumulates assets to cover the risk of loss, and pays claims incurred for covered losses relating to the following activities: theft, damage to, or destruction of assets; real property, its contents, and other equipment; motor vehicles and watercraft; torts; business interruptions; Natural disaster; and Medical malpractice claims against covered employees. The IRF is a self-insurer and purchases reinsurance to obtain certain services and to limit losses in certain areas. The IRF's rates are determined actuarially.

The University obtains coverage through a commercial insurer for employee fidelity bond insurance for all employees for losses arising from theft or misappropriation and for health insurance for its student-athletes.

19. Subsequent Events

The University has evaluated subsequent events from June 30, 2015 (date of the most recent statement of net position presented) through February 5, 2016 (the date of the audit report and the date the financial statements were available to be issued). The University experienced a variety of events subsequent to its June 30th year end which improves the financial position of the University. The State of South Carolina's budget for fiscal year July 2015 - June 2016, included \$4 million of Special Appropriations earmarked to reduce the University's account payable balance. In addition, the University entered into contract renegotiations with its major vendors which resulted in significant cost reductions.

In August 2015, The University renegotiated the contract with its dining service and facility maintenance service providers, Sodexo and DTZ, respectively. The dining service contract was amended to remove the guaranteed minimum student count and replace with actual student usage. The new dining service agreement reduces the University's cost by 46%, or \$424,000 per month, for an annual savings of \$3.3 million. The facility maintenance agreement was modified to reflect the reduced campus infrastructure, realized as a result of recent campus right-sizing, which reduced the monthly operating cost by 23% or \$101,000, for an annual savings of \$1.2 million.

In December 2015, the University renegotiated its lease agreement with Ontario Investments to reduce the final year payments on leased copier equipment from \$491,213 to \$275,000 for a savings of \$216,213 during the year ending June 30, 2016.

Overview

This section of the Comprehensive Annual Financial Report provides additional information as a context for understanding what the information in the financial statements and note disclosures says about the University's and the State of South Carolina's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the University's financial performance and well-being have changed over time.

Revenue Capacity

These schedules help the reader assess the factors affecting the University's ability to generate its operating revenues from tuition and fees.

Debt Capacity

These schedules present information to help the reader assess the affordability of the University's current levels of outstanding debt and the University's ability to issue additional debt in the future.

Operating Information

These schedules contain service and capital asset data to help the reader understand how the University's financial information relates to the services it provides.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the Environment within which the University's and the State's financial activities take place.
